

When to call the Parish Nurse:

If you or a family member is sick.

If you don't understand something your doctor has told you.

If you are concerned about your parents, children, family members or friends.

If you are lonely.

If you are feeling overwhelmed.

If you or someone you know is going for surgery.

If you are dealing with a loss or death.

If you are in need of prayer.

If you are struggling with a relationship.

If you are looking for ways to improve your health.

If you need someone to listen.
